

Host your next retreat or meeting in a secluded and inspiring location: Harbor Vista Half Moon Bay

Harbor Vista is a new and unique location in the San Francisco Bay Area for your next retreat, meeting or off-site. Perched on a hillside overlooking Half Moon Bay, our 4BR/3BA home is a secluded retreat with panoramic ocean views. Near the beach, open space and hiking trails, it is still only 30 minutes from San Francisco and 45 minutes from San Jose, making it a central location for the Bay Area.

We can host up to 16 adults for daytime use and 8 adults overnight. There is a large dining room table that seats 10, with an LCD projector for presentations and high-speed WiFi. We also have several areas in the house that are good for breakout sessions, including a comfortable living room area with room for 7, fireplace with room for 4, rooftop deck with room for 5, downstairs bedroom with seating for 6, and backyard patio with room for 5. And after your meetings, our jetted spa has room for 6 people to relax!

"We stayed as a group of consultants who wanted to get away for a relaxing weekend of fun and team bonding. The home was amazing and perfect for our needs. The owners were amazing to work with and very accommodating. If you are looking for a fantastic stay, I definitely recommend this house! We look forward to staying again!"

"Thank you for letting us use your beautiful home for our recent Leadership Retreat. The house was the perfect size for our group of 10. We enjoyed the spacious kitchen and had a great time playing some of the games you had on hand for guests. Your property was very clean and had all the comforts of home. I highly recommend it to others looking for a homelike setting for a Retreat."
